3 By Committee on Health & Long-Term Care

4 ADOPTED 04/05/01

5 Strike everything after the enacting clause and insert the
6 following:

7 "Sec. 1. RCW 70.128.005 and 2000 c 121 s 4 are each amended to
8 read as follows:

9 The legislature finds that adult family homes are an important part
10 of the state's long-term care system. Adult family homes provide an
11 alternative to institutional care and promote a high degree of
12 independent living for residents. Persons with functional limitations
13 have broadly varying service needs. Adult family homes that can meet
14 those needs are an essential component of a long-term system. The
15 legislature further finds that different populations living in adult
16 family homes, such as the developmentally disabled and the elderly,
17 often have significantly different needs and capacities from one
18 another.

19 It is the legislature's intent that department rules and policies
20 relating to the licensing and operation of adult family homes recognize
21 and accommodate the different needs and capacities of the various
22 populations served by the homes. Furthermore, the development and
23 operation of adult family homes that can provide quality personal care
24 and special care services should be encouraged.

25 The legislature finds that many residents of community-based long-
26 term care facilities are vulnerable and their health and well-being are
27 dependent on their caregivers. The quality, skills, and knowledge of
28 their caregivers are ((often)) the key to good care. The legislature
29 finds that the need for well-trained caregivers is growing as the
30 state's population ages and residents' needs increase. The legislature
31 intends that current training standards be enhanced.

32 The legislature finds that the state of Washington has a compelling
33 interest in protecting and promoting the health, welfare, and safety of
34 vulnerable adults residing in adult family homes. The health, safety,
35 and well-being of vulnerable adults must be the paramount concern in
36 determining whether to issue a license to an applicant, whether to

1 suspend or revoke a license, or whether to take other licensing
2 actions.
